Surabaya, Indonesia

A Bachelor of Informatics Engineering graduate from UPN Veteran Jawa Timur with hands-on experience in full-stack development using HTML, CSS, JavaScript and Node.js, Tailwind, Docker and AWS Cloud Infrastructure. Recently completed a Full-Stack internship at PT Pelindo Terminal Peti Kemas, building computer vision, OCR, and dashboard applications, and currently depending technical expertise through a Full-Stack Developer bootcamp. Passionate about building scalable web applications and delivering seamless user experiences through well-crafted, responsive designs. A detail-oriented and growth-driven professional eager to secure a full-time role as a Full-Stack Developer.

Work Experience

PT. Pelindo Terminal Peti Kemas - Surabaya, Indonesia

Oct, 2025 - Apr 2026

Full-Stack Engineer Intern

- Built a company-wide web-based application deployed across all headquarters and branches to digitalize and standardize data collection workflows.
- Designed an interactive web dashboard using JavaScript and backend integrations to consolidate technical data from all PT Pelindo ports nationwide, improving data accessibility for the IT division.
- Built a computer vision-based object detection model for port terminal operations using Python and OpenCV, achieving 91% accuracy to support real-time monitoring.
- Developed a real-time OCR system using machine learning and computer vision techniques, achieving 94% accuracy to automate text and object detection at port gate terminals.

PT. Phincon - Jakarta, Indonesia

Feb, 2024 - Aug, 2024

Back End Developer Intern

- Developed a centralized server configuration module using backend scripting to manage critical application parameters, improving system consistency and simplifying deployment.
- Implemented a dynamic workgroup management feature using backend logic, achieving an 89% successful implementation rate for administrators forming operational teams in real time.
- Built a diagnostic GET API using RESTful principles to expose call campaign data, enabling performance monitoring and data-driven analysis of agent activity.

Project Experiences

Movie Stream Platform - Harisenin Project

Jul, 2026 – Aug, 2026

Full-Stack Developer

- Developing a movie website using React, Tailwind, MySQL.
- Creating a movie website for the final project.

APD Detection System With Dashboard - Project

Mar, 2026 - Apr, 2026

Full-Stack Developer

- Trained and fine-tuned models for detecting different locations.
- Created an interactive dashboard using streamlit, connected to a database.

Education Level

UPN Veteran Jawa Timur - Surabaya, Indonesia

Aug, 2021 - Jul, 2025

Bachelor Degree of Informatics Engineering, 3.90/4.00 (Cumlaude)

Thesis: Optimisation Of Helmet Non-Compliance Detection At Traffic Lights Based On Yolo V7 With Clahe Enhancement For Low-Light Conditions.

- Relevant Course Works: Web Development, Database System, JavaScript, Data Structure.

Courses, Training and Certifications

Harisenin - Surabaya, Indonesia

Jul, 2026 - Aug, 2026

Full Stack Developer Bootcamp

- Final Project: Designed and developed a movie streaming website, within three months.
- Relevant Course works: HTML, CSS, JavaScript, React, Docker and Node.js.

AWS Certified Cloud Practitioner - Jakarta, Indonesia

Oct, 2025 - Jan, 2026

Cloud Computing Training

- Final Project: Self design cloud infrastructure with AWS.
- Relevant Course works: Python, Docker, Linux, Bash, EC2, S3, Lambda, RDS.
- Certificate: <https://bit.ly/4ztlihr>

BNSP - Surabaya, Indonesia

Dec, 2024 - Dec, 2024

Junior Web Programmer

- Final Project: Pharmacy E-Commerce.
- Relevant Course works: Laravel, MySQL, Bootstrap, Redis.
- Certificate: <https://bit.ly/4qzCBX1>

Alibaba Cloud - Jakarta, Indonesia

Nov, 2022 - Nov, 2022

Cloud Computing Bootcamp

- Final Project: Deploy service in Alibaba Cloud.
- Relevant Course works: Python, Docker, Linux, Bash, Alibaba service.
- Certificate: <https://bit.ly/4xUw1g6>

Skills

Technical skills: HTML, CSS, JavaScript, Node.js, React, AWS, DevOps, Python, GIT, Docker and Figma, Laravel.**Soft skills:** Problem Solving, Time Management, Orientation to Detail, Analytical Thinking and Teamwork.**Languages:** English (Intermediate).
